2021 Subject Selection

Welcome to the commencement of the Year 12 Subject Selection Process.

With Covid-19 and the lock down in place, our usual process of providing information and course counseling is simply not possible nor would it be safe. We have redesigned the process to support you and your family as you make some important decisions about your subject choices for 2021. We have put together an information Webinar based on your course which will provide information about the new process being undertaken. The opportunity for students and parents/guardians to meet with staff will still occur, but via an on-line meeting at the conclusion of the process to confirm subject choices.

Please know that we are available via email and phone to answer your questions.

STEP 1:

Visit the updated College Handbook, to obtain information about your subjects. This can be located on the College Website. It is here that you will find the current Course Handbook which you should read through and familiarise yourself with as it contains all of the relevant information on every subject we offer.

STEP 2:

We would usually have an assembly for the year 11 students to provide them with information about the process relating to Subject Selections. At this session, the Leadership Team would present the relevant information and also provide a time line for the process. At this time, due to COVID-19 restrictions Webinar links will be shared for during week commencing 27 July 2020. VCAL students and VCE students will be required to attend course specific Webinars. Salt and Light students will also be required to attend an additional session during their morning Home Group with additional requirements.

STEP 3:

Subject Selection

After attending your Webinar, you should now begin the process of selecting your subject for 2021. Please continue to work with your Home Group Teachers, Subject Teachers, Cluster Coordinators and Careers Counselors to gather information to assist in guiding your choices. Central to this process are the following considerations that should be included:

- Future Pathway Goals (University, Trade, TAFE, Work)
- Prerequisite subjects for entry to courses.
- Current subjects – What subjects do you enjoy and what subjects are you having success in?
- VCE or VCAL – academic or applied learning?

This year, students will be required to complete subject selections directly through Web Preferences. Information on how to log your subjects will be mailed to you. If there are issues with your Log In details please contact courses@crtsydenham.net

The following dates have been allocated for students entering and submitting data:

Web Preference Opens: 29 July 2020

Web Preference Close: 12 August 2020

Subject selections will be reviewed by current staff to ensure that feedback can be obtained about student progress. Students who do not complete their selections by the due date may be required to complete a pre-determined course.

STEP 4:

Return by 19 August 2020 - Year 12 2021 Subject Levies payment options form attached.
Make payment by 2 September 2020 if indicated on form.

STEP 5:

Students will now be required to meet with selected staff members to review their subject selections. The interviews will be made through PTO and will be scheduled for **Wednesday 26 August 2020**. Students and parents/guardians should be in attendance at the scheduled Zoom Meeting to confirm and sign off on the subjects selected.

STEP 6:

The week commencing Monday 26 October students will be notified of their subject choices. In the instance where a reserve subject is required a meeting will be arranged.

STEP 7:

Transition Week - Monday 30 November - Friday 4 December 2020

This is where you will commence your Year 12 course at Catholic Regional College Sydenham.
In 2020, only 1 week will be allocated for this program.

Further information will be provided in due course.
